UX/UI DESIGNER

EXPERIENCE

2022/hoje

UX/UI Designer

GlobalWeb Corp – Caixa Econômica Federal.

Led user research and iterative testing for banking digital products.

Designed user flows, journeys, and wireframes validated with business stakeholders.

Built navigable and accessible prototypes aligned with CAIXA's Design System.

Collaborated with cross-functional teams to deliver scalable and consistent solutions.

2017/2022

Systems Analyst /UX Designer

DNIT Consortium – SUPRA System and DNIT Citizen Portal

Led design of digital solutions that enhanced public transparency of road construction projects.

Conducted interviews, usability testing, and implemented mobile-first approaches.

Developed front-end and back-end using PHP, jQuery, HTML/CSS, and SQL Server.

Delivered responsive interfaces grounded in user research evidence.

2014/2017

Software Developer

Dynatest Engenharia – Intern

Supported internal software development using PHP, C#, and SQLite.

Maintained corporate front-end applications and technical documentation.
